Longwell's Hacks

Are now at the union depot at all times. Please call for them.

Ice Carries 500 To Sea.

Reval, Russia, Feb. 25.—An ice floe drifted away from Leansari Island, in the gulf of Finland today, carrying away 500 fishermen.

The Depositors' Guaranty Law has proved all that was ever claimed for it by its most ardent supporters. It has withstood every attack made upon it in the states of Oklahoma, Nebraska, Kansas and Texas, and the supreme court of the United States has upheld its legality. It is here to stay because the people will use it. The bank is a Guaranty Fund Bank operating under the Depositors' Guaranty Law of the state of Texas. We solicit your banking business and offer you the protection of this law.

Thaw's Lawyer Is Unpaid.

Philadelphia, Pa., Feb. 25.—John B. Gleason, the New York lawyer who acted as chief counsel for Harry Kendall Thaw when the latter was first tried for killing Stanford White, will have to take his chance with Thaw's other creditors for his claim of \$50,000 for professional services rendered. Judge Grey in the United States court of appeals today held that Gleason's claim bears no priority over the claims of other creditors.

El Paso's Financial Institutions

Advantages of a Checking Account

Not the least of the advantages of having a checking account at this Bank is the acquaintance which it promotes between the depositor and our officers.

This acquaintance enables our officers to get in touch with the interests of the depositor, and to lend all the co-operation consistent with conservative banking.

Our officers gladly welcome the opportunity to extend the facilities of the bank to new depositors.

PLENTY OF SNOW AT CLOUDCROFT

Farmers Look for a Good Season—Sewer System to Be Installed.

Cloudcroft, N. M., Feb. 25.—The snow which was so generously sent to the country, fell in gratifying quantities here, so that the farmers and stockmen begin to hope for a fruitful summer.

On account of the melting and drifting of the snow, it is difficult to obtain an exact estimate of the entire fall, but it is believed to have been somewhere near three feet. The extremely cold weather has prevented the snow melting, so a great deal of the work of the park improvement has been interrupted.

The tiling and drain pipes for the sewer system have arrived, and work on the sewer is expected to begin as soon as the weather permits.

The headquarters of the Alamo national forest, which have heretofore been at Alamogordo, are about to be removed to Cloudcroft. The new Rangers' building, which is nearing completion, is the first step in the way of accommodations. Others will be added soon.

A masquerade ball and dance was held in Woodman's hall. There were many good costumes, a large attendance and a general good time.

J. A. Tatum and wife are detained in Alamogordo by the serious illness of their little daughter, Dorothy. At present she is reported better.

George Moser, of James Canyon went to Las Cruces this week.

Charles E. Stokes, editor of the Kan-

sas City Leader, has been visiting Mr. and Mrs. H. A. Taylor, en route from Tucson, where he has been on business.

NO MORE Consumption, CANCERs or Chronic Diseases

You have tried these poison dopes for a hundred years, and the poison has weakened the digestive organs until typhoid fever has carried away a fourth of your loved ones.

And these drug weakened nerves have let so much stagnant blood accumulate in your bodies that it has attempted to cleanse itself and escape in sores, appendicitis, Eczema, Catarrh, Ulcers of Stomach, Liver, Intestines, Varicose Veins, Piles, etc. And when kidneys and intestines tried to excrete the waste it was contradicted and stopped by doctoring symptoms and cutting off the sore part until this stagnant blood was sealed in your bodies and settled in your weakened lungs and formed abscesses. Cough medicines were given to weaken the nerve so you couldn't cough it up. And consumption has followed until one-third of the human race has been cut down in their prime and died with consumption as a result of this drug taking.

It is time to forbid their use by law, as the greatest curse that has ever fastened itself on the human race.

We have weighed them in the balance and found them wanting. It is time for the intelligent people to rise up and turn them down forever. Just think, Osteopathy here in El Paso has saved all but eight out of eight thousand patients, every kind of disease, and never operated, and left you either worse than before or in your grave in any instance.

And, besides, have made it impossible for you to contract Tuberculosis, or Cancer, or Typhoid Fever. No wonder forty states have passed laws recognizing it as the natural way to cure diseases, and forty million of people have recognized it, and all in seventeen years. For they free the nerve so the stagnant blood cannot accumulate any more in the body and can escape. Then all these sores and diseased parts heal up, as they are not needed any more. So consumption and cancer and chronic diseases are impossible to people who take Osteopathic treatments. Don't be foolish and join this great army that is marching to the grave by the dope and knife route, but try Osteopathy and live out your natural, healthy and happy life.

Dr. A. T. Still, Osteopathic Infirmary.

Dr. Ira W. Collins, Physician in Chief.

Dr. Amelia Burk, Dr. Grace Parker, Dr. Paul R. Collins, Consulting Physicians and Staff Operators.

All Graduates of Dr. Still's American School of Osteopathy, Kirksville, Mo.

201 W. Missouri Street. El Paso, Texas.

VELVET EGGS

Make Your Chickens Pay You Well For Their Board

It's not hard to get eggs in summer, that's the natural time for hens to lay the most. It's easy for them to pay you then. Ordinary feed will give you the ordinary supply of eggs at that time. But the little difference in cost for a practical balanced ration like

Purina Poultry Feeds

enables you to get more than the ordinary supply of eggs—enables you to get that extra dozen or so—which increases your profit to the "velvet" in Poultry raising.

Now, there's a reason for this. And the reason is that only the best pure and sound grains and seeds go into Purina Poultry Feeds, which are balanced scientifically for the building of frame, feather and eggs. No Grit, no smutty or burnt wheat, no drugs or trash, in any "checkered bag" of Purina Poultry Feed.
